

A&B PRECISION METALS, Inc.

13715 Mt. Anderson Street
Reno, Nevada 89506
(775) 323-2546
(775) 323-5076

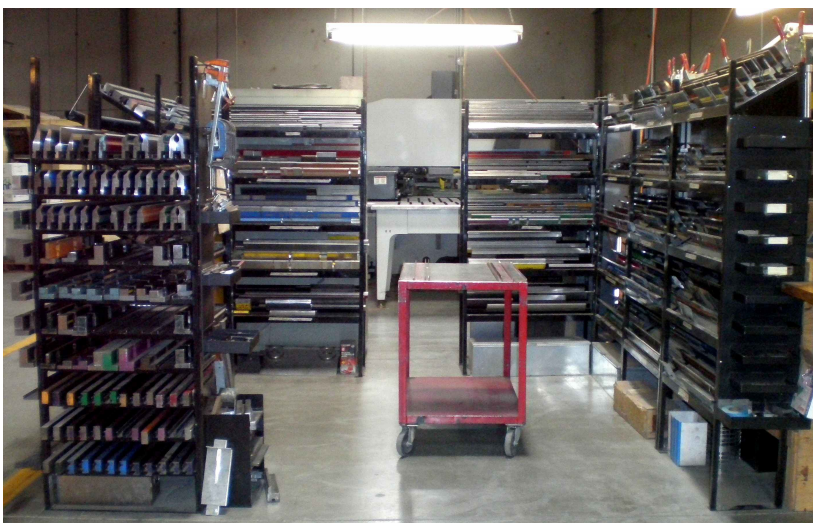

Quality, consistency, and competitive pricing make A&B Precision Metals your best bet for sheetmetal fabrication in Northern Nevada!

Our 100,000+ facility houses state-of-the-art equipment ready to fill your order. From small, quick prototypes to high volume orders with complex assembly, we are ready for your business!

**Service is our business,
Precision is our name.**

A&B Precision Metals was founded in Reno, Nevada in 1970 is a family business. Our commitment to customer service, quality, and expanding our ability to produce complex, consistent products has pushed A&B to expand and explore new technologies. In 2006 we moved to our facility in Stead, Nevada which houses some of the most advanced technology in sheet-metal fabrication.

We are actively involved in the community through charitable donations and local organizations. We strive to improve our ability to provide the best product while offering competitive pricing, outstanding customer service, and consistent on-time deliveries.

Please give us a call and see what we can do for you!
